

To all,

March 31, 2005

Please cascade to your club members:

Spring is finally here and those of us in the Northeast are starting to get our Z's out. In just the last few days, I have seen a ton on the roads. This time of year also starts getting everyone in convention mode. The gang in Syracuse is planning a great convention. Start making plans now and visit the ZCCA website for a link to the convention site.

As we get closer to the convention, I will be sending out our meeting agenda and items we want to discuss. This will be about 60 days before the convention so each member club has a chance to meet with their members.

Key Notes:

- If any clubs are planning on presenting a bid for the 2007 convention please get in touch with me. I want to make sure each club is equally prepared for their presentations and proposals.
- If there are any issues that will require a vote, Please start getting these to me so I can get them on the agenda I will be preparing this in the next month or so. My goal is to have most of the past issues completed prior to the convention, so our meeting time after ZCCA and committee updates can be spent on how we better and grow the ZCCA.
- I am looking for a Nominations Chairman to field data from anyone interested in seeking an elected position within the ZCCA. If you are interested, please contact me. The one requirement is that you are part of a member club in good standing and the club is in good standing now and at the convention.
- I will also be asking for a quick update from each of the current Chairs. These should be no more than 5 minutes each unless there is open discussion.
 - Dan Banks - ZCCA Historian
 - Clayton Taylor - ZCCA Web site
 - Paul Hollander - Car Show Chair
 - Bonnie Swirsky - ZCCA Mentoring Program
 - Mike Goddard - ZCCA Discount Program
 - Mike Taylor - ZCCA Liaison - Japan
 - Assistance Program - Katy Taylor
- The ZCCA web site continues to grow. Clayton Taylor has done a super job on this. I would like to see more of the club reps sign up for the forum and get access to the rep area. In this fashion we can use the on line forum to resolve open items prior to the convention.
- The ZCCA computers are currently being build and delivered to Paul Hollander. Thanks to all the clubs that voted. These will be configured and set for Syracuse then on the way to them. We expect them any day now.
- The ZCCA continues to grow with new clubs coming on board and a few more in the final stages of becoming part of the family. The recent influx of new clubs is very encouraging. By convention time we could have close to 300+ new members and clubs in locations where no clubs existed today. New club announcements will be in the next update.

As we get closer to convention time I will be sending out more data.

See everyone in Syracuse
